

LEADERSHIP MEMPHIS

FASTTRACK PROGRAM

Leadership Memphis prepares and mobilizes leaders to work together for the good of the whole community.

DESIGNED FOR IMPACT

Emerging, high-potential leaders who are hungry to make a genuine difference in the community are introduced to challenging concepts, game-changing tools and inspirational opportunities. They want to take Memphis to the next level and we want to help them.

FastTrack builds on each participant's personal leadership skills and expands their Community IQ. Participants gain a stronger understanding of how to increase their impact on Memphis through an increased understanding of both self

and community, experiential learning and through exposure to high-profile community leaders.

PARTICIPANTS

The FastTrack Program is for emerging leaders who are determined to learn and take action to build a better Memphis. FastTrack participants are passionate about the Memphis region and are energized by their classmates, who

represent a diversity of personal and professional backgrounds. Each class is comprised of a cross-section of people from business, nonprofit, government, academic, and other backgrounds.

WHAT PARTICIPANTS SAY

"Leadership Memphis FastTrack has taught me that I can make a difference. It has taught me that ignorance is not bliss and the more you know, the better person you will be. It has taught me that it is easy to sit around and complain about the problems... it is totally different to figure out solutions and make them happen. It has taught me that we are a very diverse community and that learning more about that diversity only brings us all closer. Leadership Memphis FastTrack has made me a better person, a more well-rounded person."

"It's great to sit next to other intelligent, motivated people of different races, genders, and backgrounds who speak passionately about what matters to them. I have not only broadened my perspective, but I have also seen how much we have in common in terms of the bright future we all want."

"We all had permission to hope...to dream big."

"Leadership Memphis made me look at Memphis closer. I am looking at myself differently. I ask more often: 'What can I do to help?' 'What can I do to make it better?' No matter our backgrounds, racial barriers, or economic structure, we all want the same outcome. We want what is best for our families and our community. We want to live in a place that we are proud of. We want to trust our city government. We want a sound and safe public school system. I want to make Memphis a great city for all people and Leadership Memphis"
